

**Ingredients:**

12-ounce bag of ground Express, high-caffeine roast coffee

**Product Summary****Express Coffee  
High Caffiene**

High caffeine roast coffee is coffee that is made from beans that have a higher caffeine content than traditional coffee beans. These beans are roasted for a longer period of time at higher temperatures, which results in a stronger and more robust flavor. This type of coffee is popular among people who are looking for an extra energy boost, as caffeine is a natural stimulant that can help to improve focus and alertness.

**Warning:**

However, it's important to note that high caffeine coffee may not be suitable for everyone, as excessive caffeine consumption can lead to negative side effects such as jitters, anxiety, and insomnia.
